My Ref CSD/JS/CF

To whom it may concern:

I have known Aaron Kent for 4 years since joining the Children's Services Senior Leadership Team in Salford. For the last 2 years I have provided mentoring support for Aaron and have got to know him very well.

Aaron is a highly motivated and talented individual who holds a deep commitment to improving the life chances of children and young people. He demonstrates impeccable professional and moral standards that are conveyed to the young people he works with resulting in changed behaviours and improved outcomes.

In terms of Aaron's future ambitions he displays enterprise and courage in his decision making that is underpinned by hard work, extensive research and effective planning.

He is a superb role model for young people and I am privileged to work with him.

Yours sincerely

J Stonehouse.

Jon Stonehouse
Deputy Director for Children's Services
